Air Astana resumed its twice-weekly service from London Heathrow to Kazakhstan's capital Nur-Sultan. Flights on Saturdays and Wednesdays are operated using Airbus A321LR aircraft.

The flight arrival into Nur-Sultan offers convenient onward connections to Tashkent in Uzbekistan and Bishkek in Kyrgyzstan. Tickets are available at [airastana.com](https://airastana.com), Air Astana sales offices and at the Information and Reservation Centre, as well as at accredited travel agencies.

Kazakhstan recently established a visa-free regime for a number of countries, including the UK. Passengers are required to present a negative COVID-19 test taken 72 hours prior to entering the country or valid vaccination passport.
