

As travel gains altitude, so does Hotel Engine's value

Posted on December 6, 2021 by News Editor

A comeback for business travel is reflected in rising investment, with one of the latest beneficiaries being booking platform Hotel Engine. The \$65 million raised by the startup, at a \$1.3 billion valuation, compares to its \$150 million valuation when it raised \$16 million in its first try in 2019.
