

Bad news, good news flow through hotel pipeline report

Posted on July 21, 2022 by News Editor

Hotel construction declined significantly worldwide in the second quarter but volume in the planning stage was a bright exception, according to STR. The 202,250 rooms being built totaled 16.9% less than the figure from the same period in 2021, but the 328,944 rooms under planning marked a 10.4% improvement.
