

# Delta revamps seasonal onboard beverage menu

Posted on October 23, 2021 by Business Editor

As of October, passengers flying Delta can choose from a seasonally inspired beverage line-up that spotlights the first US Black-owned distillery, Du Nord Social Spirits, and Une Femme's 100% women-made wine.

"Working with suppliers who not only provide us with the best products but also help us offer products that are made by people who reflect the communities we serve is a meaningful demonstration of our core values at work," said Mike Henny, Delta's Managing Director - Onboard Service Operations.

Du Nord Social Spirits is the first Black-owned distillery in the US, and part of the company's mission is to diversify the craft alcohol community. Du Nord's Foundation Vodka will be available for sale on all domestic flights starting October. In 2022, Delta will bring on more Du Nord products and plans to launch the spirits internationally.

Breckenridge Brewery's newest beer is a unique twist on its Vanilla Porter and is inspired by the world's favourite shortbread cookie to create an indulgent delight. Breckenridge's beer will be available for sale on all domestic flights from October through the end of 2021.

Une Femme produces 100% women-made champagne and sparkling wine; for every bottle the company sells, it donates to a charitable organisation with the purpose of improving the lives of women. Une Femme's sparkling rose "The Callie" will be available for sale on select domestic flights throughout the month of October. Delta plans to bring more Une Femme products onboard in 2022.

Tip Top's Negroni will be available for sale on select domestic flights throughout the month of October.

The Hopsecutioner IPA is Terrapin Beer Company's flagship beer and will be available for sale on select domestic flights throughout the month of October.

Vizzy Hard Seltzer is the first hard seltzer made with acerola cherry. At 5% alcohol by volume, Vizzy Hard Seltzer is crafted with only 100 calories and 1 gram of sugar. Delta will serve Vizzy's Pineapple Mango seltzer, featuring natural flavours of sweet pineapple and juicy mango. Vizzy Hard Seltzer is now available on all domestic flights.

WhistlePig puts a twist on the classic Old Fashioned, pairing its six-year-old PiggyBack Rye Whiskey with an Orange Fashioned Maple Cocktail Syrup that makes a sturdy seasonal cocktail with flavours of cinnamon,

citrus and sweetened with real maple syrup.

WhistlePig's cocktail kit will be available for domestic coast-to-coast and international Delta One customers from October through the end of 2021.
