For larger groups and families, family cabins are available, which can be connected to create flexible accommodations, ensuring a comfortable and enjoyable stay for all.

"Our new flagship, MSC World America, represents an evolution of MSC Cruises' World Class platform," said MSC Cruises in a recent statement. "Each cabin on MSC World America is designed with care and attention to detail, embodying MSC Cruises' signature European elegance. It is the perfect place to relax and rejuvenate in full comfort and tranquility after an exciting day exploring ashore."

The MSC World America is not just about luxurious cabins; it also introduces seven distinct onboard districts, each designed to offer guests their own unique holiday adventure. This innovative layout allows travelers of all ages to choose experiences that best suit their interests, from vibrant cosmopolitan areas to serene relaxation zones. This new design concept is tailored specifically to the U.S. market, providing a personalized and immersive cruising experience.

One of the standout features of the MSC World America is the MSC Yacht Club, MSC Cruises' exclusive "ship-within-a-ship" concept. This area offers guests a world of privacy and luxury with keycard-only access, 24-hour butler and concierge service, a dedicated gourmet restaurant, lounge, pool, and sundeck. The Owner's Suites within the MSC Yacht Club are particularly noteworthy, featuring multi-room layouts with walk-in wardrobes, full-size imperial bathtubs, separate living-dining areas, and large private terraces with whirlpool baths and al fresco dining options.

Duplex Suites also provide ample space, spanning two decks with dining areas, lounges, and guest washrooms on the lower deck, and main bedrooms with private bathrooms on the upper deck. These suites often include outdoor lounging spaces and private whirlpools, perfect for guests seeking an enhanced level of comfort and

luxury.

In addition to luxurious accommodations, the MSC World America is equipped with cutting-edge amenities and facilities that ensure a memorable cruise experience. Guests can enjoy gourmet dining at a variety of restaurants, state-of-the-art fitness centers, serene spas, and engaging entertainment options. The ship's design emphasizes sustainability and environmental responsibility, aligning with MSC Cruises' commitment to eco-friendly cruising practices.

"Our ships are built with foodies in mind, from expansive galley spaces to an unparalleled range of dining venues," added MSC Cruises. "The MSC World America is no exception, offering a culinary journey that complements its luxurious accommodations and innovative design."

The MSC World America is the first in MSC Cruises' fleet to feature these seven onboard districts, setting a new standard for personalized and immersive cruising. This flagship ship not only enhances MSC Cruises' offerings but also solidifies its reputation as a leader in the luxury cruise market.

As MSC Cruises continues to innovate and expand its fleet, the MSC World America stands out as a testament to the company's dedication to providing exceptional cruise experiences.
