

Elix Aviation delivers a Dash 8-300 to Sherpa 6, Inc.

Posted on December 12, 2021 by Business Editor

Elix Aviation, the international regional aircraft leasing company has announced that it has delivered a Dash 8-311 to Sherpa 6, a Service- Disabled veteran owned small business, based in the United States, providing C5ISR solution for systems and software engineering, field logistics, special mission support and other technical services.

Elix Aviation is a regional leasing platform established in 2013 to offer comprehensive asset management and leasing solutions to airlines, lenders, and investors in the regional aircraft market. Elix's Aviation's uniquely specialised platform is well positioned to retain growth in the market-leading presence in regional aircraft leasing and continue to its streak of innovation and dedication to the sector.
