

# Ponant Launches French Riviera Voyage 2026

Posted on February 11, 2025 by Cruise Editor

Ponant Explorations is set to elevate luxury travel with the unveiling of an exclusive French Riviera itinerary for 2026. This eight-day voyage, which promises an intimate and unforgettable journey along the stunning Côte d’Azur, will be hosted aboard the recently renovated Le Ponant, a three-masted sailing yacht that blends classic maritime charm with modern comforts.

Le Ponant is uniquely designed to provide an exceptional travel experience, accommodating up to 32 guests in just 16 elegantly appointed staterooms. This limited capacity ensures personalized service and a sense of exclusivity, allowing travelers to immerse themselves fully in the splendor of the French Riviera. Departing from Nice, the itinerary is scheduled from May 7 to 14, 2026, offering a round-trip voyage that combines scenic cruising with immersive cultural and historical experiences.

During the journey, guests will have the opportunity to explore some of the French Riviera’s most iconic landmarks and charming coastal towns. The itinerary includes stops at renowned port calls such as Menton, Cannes, Saint-Tropez, and Cassis. Each destination offers its own allure—from the vibrant streets and glamorous ambiance of Cannes to the tranquil, picturesque vistas of Cassis, known for its rugged coastline and crystal-clear waters.

One of the voyage’s highlights is the chance to visit Portofino’s cliff-top lighthouse, a beacon that has long captivated travelers with its panoramic views and storied past. In addition, the itinerary features a stop at Antibes, where guests will explore the impressive 16th-century ramparts. These historical fortifications provide a window into the region’s rich past and strategic maritime significance, while also offering breathtaking views of the Mediterranean Sea.

Back on board Le Ponant, guests are encouraged to enjoy an array of recreational activities that complement the scenic port visits. The yacht is equipped with a variety of aquatic toys, including glass-bottomed kayaks, stand-up paddle boards, and snorkeling gear. These amenities invite guests to discover the underwater beauty of the Mediterranean, making it possible to explore vibrant marine life and colorful coastal ecosystems up close.

The luxurious vessel also boasts a saltwater pool, a sun deck perfect for relaxation, an outdoor bar for savoring refreshing beverages, a spa for rejuvenation, and an onboard restaurant called Le Diamant. Dining at Le Diamant promises to be a culinary highlight of the voyage, with a menu that showcases the flavors of the region, fresh seafood, and locally sourced ingredients prepared with a refined touch.

This new itinerary is designed for discerning travelers seeking a blend of adventure, history, and relaxation. Whether you are drawn to the cultural treasures of ancient ramparts, the allure of glamorous port towns, or the tranquil beauty of the Mediterranean, this voyage offers a comprehensive exploration of the French Riviera. Ponant Explorations has meticulously crafted this journey to ensure that every moment on board and ashore is steeped in luxury and discovery.

As the launch date approaches, excitement is building among travel enthusiasts and luxury cruise aficionados alike. With its innovative blend of traditional sailing and modern amenities, Le Ponant's upcoming French Riviera voyage in 2026 is poised to become a must-experience journey for those looking to capture the timeless charm of one of Europe's most celebrated coastal regions.
