

Seabourn Launches A Sail to Remember Sale

Posted on May 5, 2025 by Cruise Editor

Seabourn is inviting travelers to book its limited-time “A Sail to Remember” promotion, offering savings of up to 15 percent on more than 300 select cruises in 2025 and 2026. Available on new reservations made through June 25, the offer covers a range of destinations—from the sun-washed Mediterranean and the fjords of Northern Europe to the rugged beauty of Alaska and the historic waterways of the Northwest Passage.

Guests can choose from intimate yacht-style voyages such as the 10-day Mediterranean Overture aboard Seabourn Ovation on July 31, the seven-day Castles, Lochs & Scottish Highlands sailing on Seabourn Sojourn beginning August 2, or the epic 23-day Journey Across the Northwest Passage on Seabourn Venture departing August 6. Each itinerary pairs Seabourn’s award-winning service with immersive shore excursions, fine dining and the line’s signature all-suite accommodations.

“‘A Sail to Remember’ reflects our commitment to delivering transformative travel that goes beyond the expected,” said Mark Tamis, president of Seabourn. “Guests can look forward to intimate, curated voyages with unforgettable experiences.” He added that whether island-hopping in the South Pacific or tracing Alaska’s dramatic coastline, each voyage is designed to immerse guests in extraordinary settings.

In addition to discounted fares, travelers who book through July 9 on select Amazon, Southeast Asia and South Pacific itineraries will receive up to \$1,000 in onboard credits per suite. These credits may be applied toward shore excursions, spa treatments and specialty dining.

With its blend of luxury amenities, expert-led excursions and world-class hospitality, Seabourn’s “A Sail to Remember” sale offers an ideal opportunity to secure bucket-list voyages at exceptional value. Travelers are

encouraged to reserve by June 25 on the Seabourn website or through authorized travel advisors to take advantage of these savings.
